Relevant Experience

Contract Developer @ Colossal

Nov 2020 - Jan 2021 // Remote

- Developed new user-facing features using React.js.
- Built reusable components and front-end libraries for future use.
- Optimized components for maximum performance across a vast array of web-capable devices.

Teacher @ Enspiral Dev Academy

May 2019 - July 2020 // Wellington, NZ

- Managed and maintained daily rhythms for students to ensure all course material was delivered on time.
- Planned React and Node.js lectures and delivered with live coding sessions.
- Prepared students for employment as software developers by providing meaningful feedback and identifying areas of growth.

Contract Developer @ Snaffle

Feb 2018 - June 2020 // Melbourne, Aus & Remote

- Upgraded SANE Australia's Khorus (formally Lithium) forums to the latest responsive version.
- Developed over 60 custom responsive skins for SANE partner sites.
- Created custom components using the Khorus API and freemarker to meet clients needs.

Front-end Developer @ Punters.com.au

April 2015 - Jan 2017 // Melbourne, Aus

- Developed new user-facing features using LESS, Handlebars and PHP.
- Consolidated all LESS and JS for maximum speed and scalability.
- Implemented a new Front-end architecture to allow for reusable and scalable components across multiple brands.

Referees

Available upon request
